Management Board Members:

On Thursday July 16, EPA Regional Administrator Cosmo Servidio sent an email to the State Secretaries/Directors regarding the Chesapeake Bay Accountability and Recovery Act of 2014 (CBARA) budget reporting request for fiscal year 2020. Included in the email were two attachments: the OMB memo with instructions and the excel spreadsheet that needs to be populated. We also have developed an additional spreadsheet with your CWA Sec. 117 funding attached here for your convenience.

A similar request went from OMB to the federal agencies on the Federal Leadership Committee for the Chesapeake Bay. In addition, this request will be discussed at the next Budget and Finance Committee workgroup meeting. Please populate the spreadsheet and send it to Andrea Grossman (AGrossman@omb.eop.gov) and Jim Edward (Edward.james@epa.gov) no later than COB July 31, 2020. If you have any questions, you can contact Jim, Andrea or Carin Bisland (Bisland.carin@epa.gov).

Thank you for your attention to this request.

Dana
